Skyview High School/Western Pyramids Superintendent's Preliminary Boundary Recommendation

July 9, 2026

Skyview/Western Pyramids Boundary Review

Fairfax County Public Schools is committed to ensuring that each and every FCPS student has equitable access to excellence and opportunities in alignment with the FCPS 2023-30 Strategic Plan.

The following western pyramids were included in this process: Centreville, Chantilly, Oakton, South Lakes, and Westfield pyramids.

Based on community feedback, elementary school boundaries will not change, although some feeder patterns may be adjusted.

Policy 8130

Policy 8130 prioritizes the following criteria when recommending school boundaries:

– Access to programming

– Proximity

– Enrollment/capacity

– Transportation

Background

In August 2025, the School Board acquired the Skyview High School building and property.

In November 2025, the School Board voted to open the new school for the 2026-27 school year as a comprehensive high school with traditional boundaries, that includes a special programming pathway option.

In March 2026, FCPS awarded a contract to WXY architecture + urban design to complete the Skyview High School and Western Pyramids boundary study to conclude by June 2026.

Community Engagement At–A–Glance

Some data points from the Skyview High School and Western Pyramids boundary review include:

- 6 community meetings
- 15,000 map comments
- 49,000 address searches
- 25,000 unique visitors to the interactive Boundary Explorer tool

Superintendent's Boundary Advisory Committee

- Provides ongoing community input between boundary review cycles.
- Includes parents, caregivers, and community members.
- Currently supporting boundary work related to the Skyview High School and Western Pyramids Boundary Study as well as four ongoing boundary studies of areas identified for extended review.
- Reviewed draft scenarios as part of the Skyview and Western Pyramids Boundary Study and provided their feedback.
- Six advisory meetings between April and July.

School Board Engagement

During this process, the School Board was provided updates at two Work Sessions (October 2025 and May 2026) and through regular written updates.

Preliminary Recommendation

The Superintendent's preliminary recommendation was informed by feedback received throughout the process from the community, the consultant, staff, and the Superintendent's Boundary Advisory Committee.

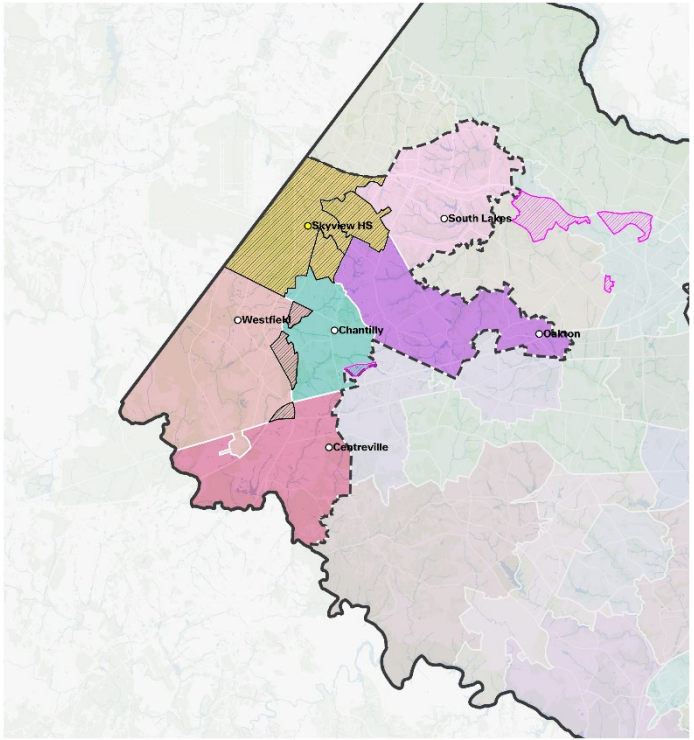

The preliminary recommendation balances utilization and community priorities, and was developed through a detailed review of community feedback on the revised scenarios presented in the May and June meetings.

Preliminary Scenario: High School Boundaries

– Skyview High School attendance area draws students from Westfield, Chantilly, and South Lakes.

– Boundary adjustments help balance enrollment across all six high schools in the western part of the county.

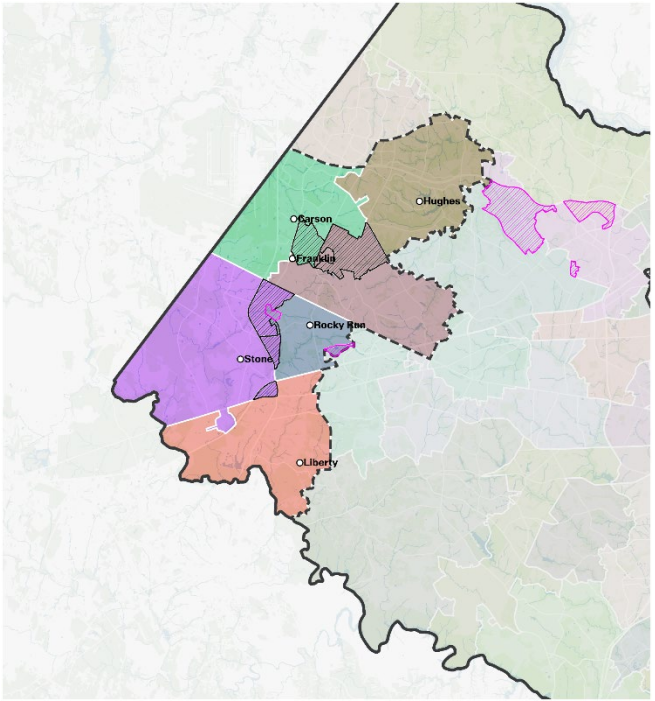

– No high school is projected to be overutilized.

Preliminary Scenario: Middle School Boundaries

– Carson MS boundary is adjusted to create a clean feeder pattern to Skyview HS and improve feeder alignment across the study area.

– Franklin MS remains the only split feeder at the middle-to-high school level.

Preliminary Scenario: Impacted Students

Proposed boundary would impact approximately 2,544 students:

– 420 middle school students

– 2,124 high school students

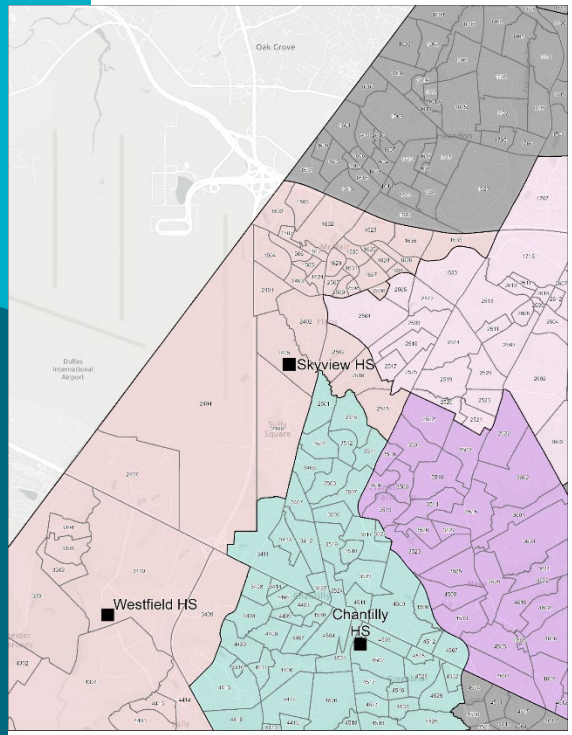

Preliminary Scenario: High School Capacities

School	Adjusted Membership	Adjusted Program Capacity Utilization Percent
Skyview HS	1,779	89%
Centreville HS	2,110	101% 109% (without modulars)
Chantilly HS	2,344	88% 101% (without modulars)
Oakton HS	2,711	103%
South Lakes HS	2,029	83%
Westfield HS	2,030	72%

Preliminary Scenario: Middle School Capacities

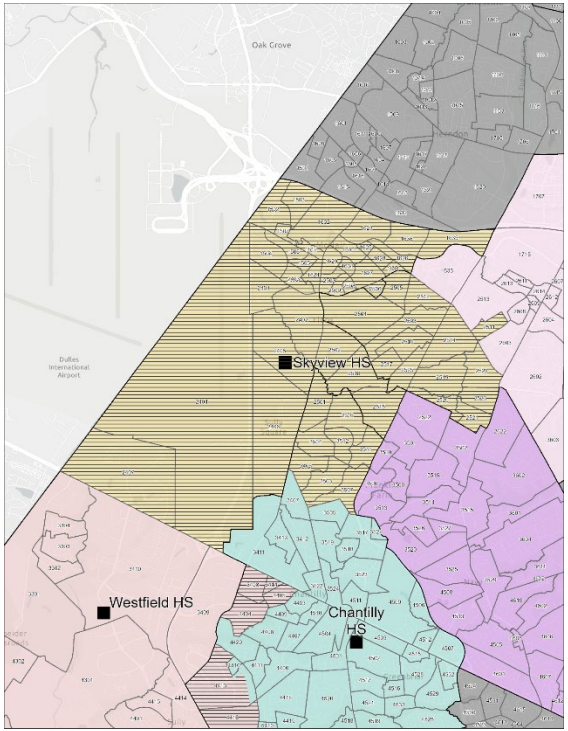

School	Adjusted Membership	Adjusted Program Capacity Utilization Percent
Carson MS	1,257	91%
Franklin MS	755	89%
Hughes MS	1,000	95%
Liberty MS	860	78%
Rocky Run MS	952	84%
Stone MS	834	97%
