Item 3.02: Announcements

Mr. McDaniel submitted a written request to attend the meeting remotely for personal reasons, as he had a work travel conflict, and was located in Houston, Texas. Mr. Frisch, Ms. Meren, Mr.

McElveen, Ms. St. John-Cunning, Ms. Lady, Ms. Dixit, Mr. Dunne, Mr. Moon, and Ms. Anderson voted yes; Dr. Anderson voted no.

Following the vote, the Chair asked Dr. Anderson to specify her objection to the virtual participation request. Dr. Anderson stated that she objects to virtual participation.

Ms. Meren made a point of order that this was not the Board's practice for virtual participation requests. Division Counsel explained that pursuant to the Code of Virginia, a Board member must explain with specificity their objection to a virtual participation request.

The Chair requested that, without objection, the Board take a recess to discuss the objection and the Board's legal obligations. The request was objected to, and the motion to take a recess to discuss the objection resulted in a 5-5 tie, thus the motion failed. Division Counsel John Foster advised that the request was approved as the initial vote to permit remote participation passed.

Chair Anderson welcomed Sarah Kelsey, City of Fairfax School Board Member, and Kate Hanley, former Providence District School Board Member, Providence District Supervisor, and Chair of the Board of Supervisors. Chair Anderson recognized student representatives from the School Board's Student Leadership Development Program.

Summary: On December 4, 2025, the School Board approved Action Item 6.05, Amending the Structure of the Board's Comprehensive Planning and Development Committee and Role of the Facilities Planning Advisory Committee. If approved, this motion would rescind that decision. Because the Board cast a tied vote on an amendment to the main motion at the 12/18/25 Regular Meeting, the Board must reconsider the motion at its January 8, 2026 meeting pursuant to V.A. Code Section 22.1-75.

During the Board's consideration of this motion, Dr. Anderson moved, and Mr. Dunne seconded, the following amendment:

Amendment: I move to insert the phrase "and to revert back to the previous language in the Strategic Governance Manual, Policy 1710, and the Community Advisory Committee Operating Manual," after the phrase "Council,".

Summary (Key Points): The Board is considering proposed changes to the Governance Manual related to Executive Limitation #8, Superintendent's Relationship with the Board, and to the Board's meeting protocols, specifically regarding the posting of motion language.
Main Motion (submitted by Ms. Meren and Dr. Anderson): I move that the School Board amend the Strategic Governance Manual as follows:

- Insert a new number 5 in Executive Limitation #8, Superintendent's Relationship with the Board, on page 24 to read as follows: "Update division regulations in accordance and alignment with reviewed or updated Board policies, and, within 60 days, provide to the Board either the updated regulation or a plan to update the regulation by a date certain." and renumber the list items accordingly;
- Amend the current number 6.E. in Executive Limitation #8, Superintendent's Relationship with the Board, on page 24, by striking the phrase "Relevant documents in advance" and inserting the phrase "Relevant documents are posted publicly no later than five business days in advance" in its place; and
- Amend number 1.b. in B.5 Meeting Protocol, on page 37, by striking the phrase "circulate proposed motions and amendments, whenever possible, at least 48 hours before the

meeting;" and inserting the phrase "The norm for the Board shall be that any item seeking Board action have motion language included in order to be posted online as part of the Board's official agenda." in its place.

Follow-on Motion (submitted by Mr. Frisch and Ms. Lady): I move that the Board direct the Governance Committee to develop a comparable structure for full Board consideration that would similarly align notice requirements for Board member-brought motions with the Board's expectations for notice on the Superintendent's recommended actions.

Ms. Meren moved, and Dr. Anderson seconded, that the School Board amend the Strategic Governance Manual as follows:

- Insert a new number 5 in Executive Limitation #8, Superintendent's Relationship with the Board, on page 24 to read as follows: "Update division regulations in accordance and alignment with reviewed or updated Board policies, and, within 60 days, provide to the Board either the updated regulation or a plan to update the regulation by a date certain." and renumber the list items accordingly;

*In the second bullet in the main motion, insert the phrase "in alignment with Meeting Procedures as detailed in the Board's bylaws".

Additionally, for agenda items requiring public Board action - namely, Action items and Consent items - the motion language shall similarly be made available at least five days in advance. The deadline of five days in advance shall be met unless there are extenuating circumstances, which will be recorded specifically in the web-based agenda item's

description under the heading, "Reason for Delayed Posting of Materials", prior to the meeting commencing." in its place."

Yes: Karl V Frisch, Melanie K Meren, Ryan McElveen, Mateo Dunne, Ricardy J Anderson
No: Kyle McDaniel, Robyn Lady - Vice Chair, Sandy B Anderson - Chair, Seema Dixit, Ilryong Moon
Abstain: Marcia St John-Cunning

Item 6.05: Net Zero Motion (Withdrawn - Item will be considered at a later date) (Exhibit H)

Recommendation: I move that the School Board direct the Superintendent to obtain Green Globes certification for construction and renovation projects meeting the criteria in the High Performance Buildings Act in order to achieve improved environmental and health performance for school buildings. I further move the School Board to direct the Superintendent to analyze the potential cost savings that could be achieved for construction and renovation projects if FCPS did not utilize net zero designs. (MD/)

Clerk's Note: This agenda item was withdrawn as an Action Item and will be considered at a future Regular Meeting.

Item 6.06: Fairfax County School Board Electronic Participation Resolution (Withdrawn - Item has been placed on New Business for this meeting with updated documentation) (Exhibit H)

Summary: Section 2.2-3708.3 of the Code of Virginia allows individual members of a public body, in this case the School Board, to use remote participation (i.e. virtual participation) if the public body has adopted a policy in accordance with subsection D of that section and follows the parameters put forth in the Code. Thus, this resolution fulfills the Board's requirement under Section 2.2-3708.3(D). This item was on new business on December 4, 2025.

Recommendation: That the School Board adopts its Electronic Participation Resolution, as detailed in the agenda item attachment.

Clerk's Note: This agenda item was withdrawn as an Action Item, placed on New Business with updated documentation, and will be considered at a future Regular Meeting.

Item 6.07: Armstrong ES Renovation – Contract Value Adjustment – Architectural and Engineering Services (Exhibit H)

Summary: Hord Coplan Macht, Inc. was contracted on March 1, 2022, to provide architectural and engineering services for the Armstrong ES Renovation Project, with a contract value of $2,040,000.00. On July 24, 2025, Amendment 1 updated Exhibit C of the Architect's Agreement with a new listing of Project Team Members.

The aggregate value of Additional Services incorporated and proposed on this contract exceeds twenty-five percent of the original contract amount.

The Code of Virginia section §2.2-4309 permits for modification of contracts.

"A. A public contract may include provisions for modification of the contract during performance, but no fixed-price contract may be increased by more than twenty-five percent of the amount of the contract or $50,000, whichever is greater, without the advance written approval of the Governor or his designee, in the case of state agencies, or the governing body, in the case of political subdivisions."

As the School Board is the public body that operates Fairfax County Public Schools, School Board approval is necessary for FCPS to grant the additional funds that Hord Coplan Macht, Inc. is requesting, which exceed both the 25% and $50,000 amounts from the underlying Agreement.

Funding for this project has been provided by the 2021 and 2023 School Bond Referenda.

Motion: That the School Board approves an increase to the total amount of the architectural and engineering services contract to Hord Coplan Macht, Inc. for the Amstrong ES Renovation Project to $2,576,424.50, and authorize the Division Superintendent, or the Chief Operating Officer, to execute, deliver, and administer the contract on behalf of the School Board.

Motion by Melanie K Meren, second by Robyn Lady - Vice Chair.
Final Resolution: Motion Carries
Yes: Kyle McDaniel, Melanie K Meren, Ryan McElveen, Marcia St John-Cunning, Robyn Lady - Vice Chair, Sandy B Anderson - Chair, Mateo Dunne, Ilryong Moon, Ricardy J Anderson

Summary: Pursuant to P5011.5, the School Board shall approve any contract or contract amendment relating to a contract for consultant services where the total contract value exceeds $200,000.

Contract details are provided in the attachment.

Motion: That the School Board (i) approve the contract for Academic & Business Consulting Services, and (ii) authorize the Division Superintendent, or the director of the office of procurement services to execute, deliver, and administer the contract on behalf of the School Board.

Item 10.02: Comprehensive School Boundary Review (Exhibit S)

Summary: School Board Policy 8130 requires that a comprehensive, division-wide review of school boundaries be conducted at least every five years by the Division Superintendent, and that any recommended adjustments be submitted to the School Board for approval. The initial review assessed boundaries across the district based upon the priorities and criteria enumerated by the School Board in Section V of Policy 8130.

On September 12, 2024, the School Board awarded a contract to Thru Consulting LLC to complete this work over an 18-month period to conclude by January 31, 2026.

As a component of the process, the consultant and FCPS have conducted extensive community engagement as required by Policy 8130. The process also included feedback from the Superintendent's Boundary Review Advisory Committee, as directed by the School Board.

Community meetings were held in Fall 2024/Winter 2025 as part of Phase 1 to inform data analysis and draft scenarios. Community meetings were also held in Spring and Fall 2025 for Phase 2 to collect feedback on the draft scenarios and to inform the development of a final recommendation.

The comprehensive boundary review process was organized into two phases. Phase 1 included community meetings, data collection, data analysis, and the development of draft scenarios. Phase 1 began in October 2024 and concluded in the late spring with the start of Phase 2.

Proposed draft adjustments in the spring were grouped into three scenarios: Scenario 1 - Neighborhood Connectivity (attendance islands), Scenario 2 - Cohort Continuity (split feeders), and Scenario 3 - Comprehensive Balance (overcrowding and includes changes in Scenarios 1 and 2).

Phase 2 included additional community meetings, data analysis, and updates to the boundary explorer tool, an interactive web-based platform used by the community to review and provide feedback on Scenarios 1 through 3. Scenario 4 was developed with feedback received from the community during the spring and was guided by the Superintendent's Boundary Review Advisory

Committee. The boundary explorer tool was updated at that time to provide the community with an interactive means of viewing Scenario 4.

The Superintendent's recommendation was informed by feedback received throughout the comprehensive boundary review process from the community, the consultant, staff and the Superintendent's Boundary Review Advisory Committee.

During this process, the School Board was provided updates at four Work Sessions (10/8/24, 6/17/25, 8/26/25, and 11/12/25). The School Board also modified Section VII, "Phasing of Adjustments" of Policy 8130, on 7/17/25.

The second public comment period ended on January 4, 2026. Following a review of feedback provided by the community and shared with the Superintendent and the School Board, the Superintendent will make a final recommendation of name(s) to the School Board on January 8, 2026. The School Board will vote on the new name for this facility at a regular meeting on February 12, 2026.
