Ms. Dixit announced that tonight's public hearing was on the Skyview High School Boundaries. As part of the boundary adjustment process for opening the new school, the School Board must review the superintendent's preliminary boundary recommendations that outline the division's facilities and student priorities, such as balancing enrollment and capacity, maximizing effective use of school facilities, and prioritizing student safety and transportation efficiency. The School Board held a public hearing to receive comments from families and members of the public before voting to take action on the proposed boundary changes.
