Department	Office of Transportation Services
Description of Need	The Office of Transportation services has an ongoing need to inform bus drivers of bus routes which includes stop locations, student roster and designated drop and pick up location for each student, and live tracking of buses during operation. Additionally, FCPS needs to give parents real-time visibility into their child's bus location, estimated pickup and drop-off times, and instant updates to ensure a safe and predictable daily commute.
Background Information	CalAmp provides the physical hardware (e.g. GPS tracker) used to track school buses and support the “Here Comes the Bus” parent application. The Office of Transportation Services is in the process of implementing a more capable solution from Tyler Technologies, Inc., the “Tyler My Ride” parent application. Custom Single Sign-On (SSO) implementation for the “Tyler My Ride” application is necessary to safely verify parent user credentials.

Amendment Detail	
Description of Contract Change	The amendment is to include the Digital Accessibility Requirements provision, and to add customization for the “Tyler My Ride” application and related services.
Annual Value of Change	$50,000
Total Contract Value of Change	$102,500
