Item 3.03: Proclamation Honoring National Literacy Month (Exhibit E)

WHEREAS, International Literacy Day was established as September 8th by the United Nations Educational, Scientific and Cultural Organization (UNESCO) in 1967 in Tehran, Iran as a reminder of the importance of literacy as a human right, and in 2024 the US Senate passed a resolution designating September as National Literacy Month, noting that literacy is the "cornerstone for personal growth, economic opportunity, and a strong society"; and

WHEREAS, on September 28, 2023, the Fairfax County Public School's (FCPS) Division Superintendent presented on the Equitable Access to Literacy (EAL) Plan which commits to: using data to identify systemic barriers, providing a solid foundation in literacy, and deepening educators' knowledge of evidence-based literacy and culturally responsive teaching—which has resulted in training 2,500 educators in literacy intervention programs in SY 25-26 and providing additional literacy training to over 1,250 teachers at the 2026 FCPS Summer Literacy Symposium; and

WHEREAS, Fairfax County Public School's Equitable Access to Literacy Plan aligns with the Virginia Literacy Act of 2022 to ensure that FCPS aligns with the commitment to evidence-based and high quality foundational literacy programs, yielding significant progress since the implementation, including a 3-percentage-point increase in the overall Grade 3 SOL Reading pass rate, an 8-percentage-point increase in Grade 3 pass rates for both economically disadvantaged and Hispanic student groups, and a rise in the Division combined SOL Reading pass rate from 77% to 80%; and

WHEREAS, according to the 2024 FCPS Division Literacy Plan, the district is committed to ensuring that students "receive explicit instruction in reading and writing to achieve proficiency in literacy and eliminate disproportionate outcomes based on race, gender, zip code, ability, socioeconomic status, or languages spoken at home"; and

WHEREAS, this commitment has been made with the understanding that literacy is essential to human potential and economic success, as a 2020 Gallup study found that the United States stands to lose up to $2.2 trillion annually due to low adult literacy rates and low literacy creates a major skills gap in our workforce.

NOW, THEREFORE, BE IT RESOLVED, that Fairfax County School Board proclaims September 2026 as

Item 9.06: Fairfax County Purchasing Resolution (Exhibit W)

Summary: The Fairfax County Purchasing Resolution (the "Purchasing Resolution") sets forth the procedures and requirements that govern Fairfax County's procurement activities. In view of our combined system of purchasing with Fairfax County, the Purchasing Resolution, subject to exceptions noted below, also governs the School Board's procurements of goods, services (other than construction and facilities-related services), and insurance.

In accordance with past practice, the Fairfax County Board of Supervisors adopted an updated version of the Purchasing Resolution on July 14, 2026 (the "2026 Purchasing Resolution") to reflect legislative changes made during the preceding session of the Virginia General Assembly and to amend and clarify certain provisions. Historically, the Fairfax County School Board also has annually adopted the newly revised Fairfax County Purchasing Resolution, following its adoption by the Board of Supervisors.

Relevant changes to the 2026 Purchasing Resolution are summarized below, together with recommended conditions (or exceptions) to the School Board's adoption of the 2026 Purchasing Resolution. Consistent with past practice and as outlined below, the recommended conditions consist of (i) a restatement of the so-called "Construction Exception" to correct an inaccurate description of the Superintendent's procurement authority; and (ii) a reservation of the School Board's right to conduct procurements for goods, services, and insurance in accordance with school division policies and regulations and Virginia law whenever such action is in the best interests of the school division.

2026 Changes to Purchasing Resolution Relevant to FCPS:

1. Corrections to section headings and pagination due to changes in the document text (Table of Contents).
2. Reorganization of Professional Service categories to maintain alignment with the sequencing of the Code of Virginia (Page 13).

4. Clarification of specific restrictions and exemptions pertaining to cooperative procurement (add roofing maintenance, repair, restoration, and component replacement of existing facilities that do not involve modification to the structure) as detailed in Code of Virginia § 2.2-4304 (Pages 24-25).
5. Implementation of digital accessibility standards for local government procurement in accordance with the Information Technology Access Act requires the addition of a mandatory statute with delayed implementation from the 2025 General Assembly session (delayed effective date of April 26, 2026). While the US Department of Justice extended the deadline to April 26, 2027, for local governments to meet accessibility standards, the procurement requirements stated in Code of Virginia § 2.2-3503 remain effective as of April 26, 2026 (Pages 41-42).

Proposed modifications to the Purchasing Resolution are provided in a "track changes" format with accompanying legislative citations. These revisions have been developed in coordination with the Department of Public Works and Environmental Services, the Department of Housing and Community Development, the Fairfax County Park Authority, the Department of Transportation, Fairfax County Public Schools, and the Office of the County Attorney.

FCPS Conditions to the Purchasing Resolution:

As was done in connection with the School Board's annual adoption of the 2009 through 2025 Purchasing Resolutions, school system staff recommends that the School Board adopt the 2026 Purchasing Resolution, subject to the following two conditions:

- The "FCPS Construction Exception," which is set forth in Article 1, Section 3(A)(2) of the Purchasing Resolution and which is by definition an exception to the Purchasing Resolution, shall be revised to read as follows:

  > "The Fairfax County School Board is responsible for construction, related architectural and engineering services, related consulting services, maintenance, repair, and related services in connection with building, furnishing, equipping, renovating, maintaining, and operating the buildings and property of the school division in accordance with Virginia Code §22.1-79. The school division's Superintendent or their designee has the same authority as the County Purchasing Agent to execute and administer contracts. Execution of contracts under this section shall be conducted under the rules and regulations established by the School Board in accordance with the mandatory sections of the Code of Virginia."
  >
  > [Note: The following text is presently contained in the above-referenced Articles of the Purchasing Resolution adopted by the Board of Supervisors, but this text would be excluded from the School Board's adoption because it inaccurately describes the Superintendent's authority: "The school division's Superintendent or their designee shall have the same authority as the County Purchasing Agent to execute and administer contracts. Execution of contracts under this section shall be conducted under the rules and regulations established by the Fairfax

County School Board in accordance with the mandatory sections in the Code of Virginia."]

- The Fairfax County School Board reserves the right to procure and award contracts for goods, services, and insurance pursuant to its own policies and regulations and pursuant to the Code of Virginia, including the VPPA, where such is in the best interest of the school division.

School Board Action: That the School Board adopt the newly-revised 2026 Fairfax County Purchasing Resolution, previously adopted by the Board of Supervisors, subject to the conditions detailed in the agenda item.
