Town Council Agenda
Request to Add Item Form

The deadline to submit a request for a discussion item to be added to a work session agenda is five (5) business days before the requested meeting date. Completing and submitting this form does not constitute direction to staff to perform any pre-work on the requested topic prior to the meeting. The purpose of adding an item to the agenda is to provide a description of the issue and background information to the Council body prior to discussing the item during a public work session.

Alternatively, Councilmembers may bring items up for discussion with the body during the Roundtable portion of a work session without first adding the item to a published agenda.
